

UTHSC Center For Cancer Research Biorepository Shared Resource Fee Schedule

Service	UTHSC CCR Member	UTHSC Non-CCR Member	External (Non-UTHSC) User
Project set up in LabVantage laboratory information management system	\$250	\$300	\$360
Archived paraffin blocks			
Project consult and database review (applied retrospectively if investigator moves forward with project)	\$25	\$30	\$35
Case retrieval from file (per case) (all tissue blocks and slides available)	\$10	\$12	\$15
Pathology report (per case)	\$10	\$12	\$15
Tissue block sectioning (per unstained slide)	\$3	\$4	\$5
TMA tissue block sectioning (per unstained slide)	\$5	\$6	\$10
H&E stain per slide	\$4	\$5	\$8
Scroll sectioning (per tube)	\$2	\$3	\$4
Tissue microarray consultation and set up	\$250	\$275	\$350
Tissue microarray preparation (per core) Core diameters available: 1, 2, 3, 4, 5 mm	\$9	\$10	\$20
Tissue collection/processing services			
Paraffin processing of fixed tissues (no embedding)	\$3	\$4	\$10
Paraffin processing of fixed tissues with embedding	\$4	\$5	\$15
Tissue collection from OR (snap frozen, fresh) (single)	\$150	\$180	\$250
Matched tissue (malignant/benign) collection from OR (snap frozen, fresh) (2 or more samples from same patient)	\$200	\$250	\$350
Peripheral blood retrieval and white blood cell isolation	\$150	\$180	\$250
Bone Marrow retrieval and processing	\$150	\$180	\$250
Blood serum centrifugation and freezing	\$20	\$25	\$30
Blood buffy coat (per sample)	\$20	\$25	\$30
Biospecimen collection from OR to include multiple samples, media, processing (snap frozen, fresh, formalin, blood/serum, etc.)	\$350	\$425	\$550

Imaging			
Digital microscope slide scanning (per slide)	\$5	\$5	\$10
Digital microscope slide scanning (manually, per slide)	\$6	\$6	\$15
3-hour use of QuantCenter (9am-12pm or 1pm-4pm) includes 1 hour training for initial use)	\$20	\$30	\$50
QuantCenter training hours (per hour)	\$20	\$30	\$50
