## RESOURCES AVAILABLE THROUGH THE MEMPHIS MEDICAL SOCIETY

### THRIVE

The mission of Thrive is to provide independent resources for the physician and medical resident community to confidentially seek counseling in a safe, convenient environment without judgment before they experience serious burnout. Thrive addresses these concerns proactively by providing a confidential hotline (**901.286.3110**) that practicing physicians and now residents/fellows can call or text to request an appointment with a licensed psychologist. **The Memphis Medical Foundation will cover the costs of up to six sessions with this psychologist.** A physician or resident can simply call or text 901.286.3110 to request an appointment. The resident/fellow can also fill out the form at [hipaa.jotform.com/ACOOK24/thrive-request](http://hipaa.jotform.com/ACOOK24/thrive-request). A psychologist will be in touch immediately. Memphis Medical Foundation works with the psychologist to pay the costs of the first six appointments. After that, the physician can continue the relationship with the psychologist at their own cost. All initial information collected for the appointment is confidential.

Through United Healthcare, you have three face-to-face counseling sessions with a counselor in your area, as well as video-based sessions (no cost).
